The workshop is scheduled for November 2 & 3 from 8:30 a.m.—4:00 p.m. at St. Charles Medical Center-Bend and will be taught by Sandy Reese and Crystal McMahon.

The 1st day of the workshop — **Evidence-Based Supported Employment I: What this Service Offers** — will examine the 7 core principles of Supported Employment and look at recent research on the topic. The workshop will also illustrate the difference the service has made in consumers' lives, and provide guidance and reference materials for those interested in Supported Employment.

### Redmond Family Practitioner Mark Valenti, MD Named Oregon Family Doctor of the Year

**Hearty Congratulations to Redmond Doctor Mark Valenti, MD who was named Oregon's Family Doctor of the Year by the Oregon Academy of Family Physicians this spring.** Dr. Valenti has been in practice for over 21 years at the Cascade Medical Clinic in Redmond. According to a June 30, 2007 article in the Bend Bulletin, patients and staff collected over 200 testimonials to submit to the selection committee urging them to recognize Dr. Valenti with the honor. It took four years of persistence by the folks in Redmond to see their local family physician chosen with this esteemed honor. The award was presented at the annual meeting of the Oregon Academy. His patients also presented him with their own engraved glass keepsake award to honor the occasion.
