## COCC Offers Non-Credit Healthcare Classes in Spring and Summer 2009

For questions about any of these classes contact the Community Learning office at 541-383-7270 or on-line at <http://noncredit.cocc.edu>

### Insurance Billing: Beyond Basics

For healthcare professionals and those currently working in the medical field who want to learn more advanced functions of health-related billing and reimbursement assessment. Topics covered include insurance contracting, accounts receivable assessment timelines and tools, identifying problems and insurance reviews and appeals. *Prerequisites: Understand coding systems and insurance billing basics.* 5/14 and 5/21; 2:00– 5:00 p.m. Bend. Cost \$59.00

### Pain Management in Health Care

This six hour course is for healthcare professionals required to complete pain management education by Senate Bill 885. Covers impact of unrelieved pain, barriers to appropriate pain management, pain assessment, and management strategies including pharmacologic and non-pharmacologic interventions. *For more information about the pain management requirement see <http://noncredit.cocc.edu/health>.* Lunch is provided. 5/15; 9:00a.m.—5:00p.m. Bend. Cost \$89.00

### Dental Radiology

A class designed for dental assistants and other dental office staff to learn the fundamentals of oral radiography to begin the certification process in Oregon. See <http://noncredit.cocc.edu/health> for full class details. *Registration/refund deadline 5/27.* 6/16 to 7/16 (Tuesdays/Thursdays); 5:30– 8:30 p.m., Bend. Cost \$649.00

### Nutritional Therapy Information Meeting

Join this meeting to learn more about an intensive course in nutritional therapy starting in October 2009. The nine-month course is taught by the Nutritional Therapy Association. For detailed information please visit <http://noncredit.cocc.edu/nutrition>. *Pre-registration for this free informational meeting is highly recommended.* 5/11; 5:30–7:00 p.m.; Bend.

## PSU Offering June Behavioral Health Trainings at St. Charles Medical Center- Bend

**\*Register for one or both days\*** *Prior knowledge of cognitive therapy for psychosis is helpful but not required for this seminar.*

**Friday, June 19, 2009: Day 1: Cognitive Therapy for Psychosis: an Evidence-Based Psychological Approach for Delusions, Hallucinations, and Paranoia :** The first day of a two-part series focuses on cognitive therapy for psychosis is an evidence-based approach that can help people reduce problems associated with experiences such as delusions, voices, and paranoia. Learn how to work collaboratively with clients with psychosis, "explore the evidence," rather than impose beliefs, and use strategies that are often surprisingly similar to cognitive methods for reducing depression and anxiety. Develop options for clients so they are no longer forced to rely entirely on the often limited effectiveness of medications for symptom reduction

**Saturday, Jun 20, 2009: Day 2: When Trauma and Psychosis Mix: an Evidence-Based Cognitive Therapy Approach to Understanding and Recovery:** The second day of the series focuses on current research indicating that trauma often plays a pivotal role in the development of psychotic disorders. Learn how to provide effective therapy to trauma survivors who also have psychotic symptoms, by integrating cognitive therapy for psychosis with other trauma therapies. By understanding the multiple pathways between trauma and psychosis, assist your clients in developing alternative, non-psychotic explanations for difficult-to-integrate experiences.

**LOCATION:** St. Charles Medical Center, Bend, Oregon  
**FEE:** One day: \$130; \$115 if registered by Jun 5. \$230 for both days. (CHC Staff —Contact Kristin Powers if interested in this class as spots for CHC staff are pre-paid for this class).

**CEU's:** 6 hours for one or 12 hours for both days

**REGISTRATION:** please call 503-725-4832 **WEBSITE:** [www.ceed.pdx.edu/bh](http://www.ceed.pdx.edu/bh)
