

Workplace Training American Heart Association Courses

There are many attractive features describing our onsite training for your group or business:

- **Textbooks that include student DVD's are included in cost for each student to keep and take home with them in every class.**
- **Certificates are issued at the end of each class.**
- **Invoicing for class costs takes place after class is completed so you pay only for the students who attend.**
- **Professional instruction provided by the training centers faculty.**
- **Option for small class size. No limit on class size.**
- **Length of certification in AHA First Aid and CPR is for 2 years**

Steps to scheduling a class:

1. **Arrange class time and date with Workplace Program Coordinator Bob Alexander at 541-480-0098.**
2. **Fill out training center agreement and fax to training center office to confirm.**
3. **Advise Workplace Program Coordinator Bob Alexander when class size exceeds 12 students. Confirm final student count 3 days before class date.**

Class Name	Length of class	Cost 4 or less students	Cost each additional student
